

Size Guide

Ring measurements

How do I figure out my ring size?

If you don't know your ring size, we recommend having a local jeweller measure your EU ring size for you. Most of Lisa Maret rings come in sizes 16-17-18-19.

It's also possible to measure a ring of your own; fitting correctly and still has a round shape. If you measure the inner diameter of the ring you will find out your size.

Bracelet measurements

Lisa Maret bracelets and bangles come in different sizes. Want to know your size? we recommend to measure the diameter of your wrist. For the bangles it is necessary to measure the palm of your hand (from thumb to side). Your hand has to fit through the bangle.

S - Bracelet fits loose at 13 cm and normal tight at 15 cm

M - Bracelet fits loose at 15 cm and normal tight at 16.5 cm

L - Bracelet fits loose at 16.5 cm and normal tight at 19 cm

Necklace measurements

Lisa Maret necklaces come in different lengths. Perfect if you want to layer more necklaces together.
